INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied, and for the use of the court served only as a fact-finding agency, and the decisions were reported to the Congress for review. The court's jurisdiction and duty of ratemity to render decisions against the Government, with the right of appeal to the Supreme Court. An act of 1902 abolished appeals from the court of claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 50,254 of whom were enrolled as entitled to share in the fund, 3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

Kornersville, N. C.

Dear Sir:-

In reference to application #28266 for minor children to share in the distribution of the Eastern Cherokee Fund, kindly state by the names of these children's parents and their other ancestors through whom they claim Cherokee descent, do not appear on the Cherokee rolls of 1835 and 1851.

Did their mother possess any Indian blood whatever? Was their father or any of their ancestors ever held as a slave? If so, state whether they were owned by white people or Indians.

Give the names of any of their relatives who resided with any Indian tribe, naming the county and state, and the tribe with which they resided.

Very respectfully,

Special Commissioner.

As to her Father he was not

As to her Grand Father he
was a minor at ^{that} time.

As to her other ancestors I do not know why they were not enrolled. The first enrollment I know of was about 1882 or 83 when an Indian agent was at my mother Eliza Stafford's home hunting Cherokee Indian heirs. My aunt living at Seneca, Mo, at that time wrote several letters to my mother saying she knew the Sanders & Herbard who had proved their rights to land in the Cherokee nation through the same

We did not get hold of the

Relative to your application for participation in the fund arising from the decree of the Court of Claims in favor of the Eastern Cherokees, please state why your parents were not enrolled in 1851?

Were your grandparents, or any of them, ever enrolled as Eastern Cherokees?

Why have you never been enrolled?

Please state clearly through what ancestor you claim the right to participate in this fund, as none of those mentioned in your application seem to be upon the Rolls.

An early reply will be appreciated.

Madam:-

Relative to your application for participation in the Eastern Cherokee Fund, kindly state why your name does not appear on the Cherokee roll of 1851, and why that of your father and those of your other ancestors through whom you claim Cherokee descent, do not appear on the rolls of 1835 and 1851.

Do you claim any Indian descent whatever through your mother? If so, give the names of her parents and brothers and sisters. Also furnish us with the names of your father's parents and his brothers and sisters.

Were you or your father or any of your ancestors ever held as a slave? If so, state whether you or they were owned by white people or Indians.

Give the names of any of your relatives who resided with any Eastern tribe, at the time of removal (giving the state and county) they lived with such tribe, also the name of the tribe.

Very respectfully,

Special Commissioner.

Dear Sir:-

Yours of the 20th., of May received.

My mother, through whom I claim my rights in the Cherokee tribe of Indians, came to the Cherokee Nation too late to be enrolled, and the case was taken up and tried before a Master in Chancery, who found in our favor, but the Court refused to confirm the report of the Master. The Dawes Commission refused to enroll us. John Thompson, through whom all our people claim, was a full-blood Cherokee. He was the father or grand father of our grand-mother, he never moved with the Cherokee Nation of Indians to their present location, but remained in the east, I think in the State of Georgia. My mother, Martha A. Timmons, died since we made our application for enrollment, and the older members of the family, who have made application for enrollment, will know more of the facts than I do. I get most of my information from my mother.

Yours very truly,

Daniel A. Timmons

Samuel H. Seabolt,
R.F.D. No. 2,
Bigsandy, Texas.

Sir:-

Replying to your letter of August 5, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, as the Court of Claims in its order of April 29, 1907, has extended the time for the filing of applications to August 31, 1907, and until the applications have all been filed it will be impossible to give final consideration to any of them or to state how much each successful claimant will receive.

As there are already over 32,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be advised.

Very respectfully,

NLC.

In answer your letter of 2nd inst.
Will say that I was only three years old
in 1851. I do not know why the names
of my parents and the ancestors through
whom I claim living in 1835 & 1851,
do not appear on the Cherokee Roll of
1851.

Neither me nor my parents or my
ancestors were ever held as slaves,
my parents were Indians.

I claim Indian descent through
my father, he was half Indian, his father
was full blood Indian.

My grand parents on both sides
lived in Jackson County Ga before
the Indians were removed & can not
tell whether they lived with my tribe
or not, I presume they did.

My name is Evaline Solomon and I reside at Oak Wood, Ga. I was born in Jackson Co., Ga. in 1847. I claim relationship to the Cherokee Indians, through my father, Sanford Sisson, and he claims through his father, Mason Herphill, who was a full blood Cherokee Indian. If my people were slaves I do not know it. All I know about my people is that before my birth everything that my people had was taken away from them. My people have always been recognized as colored with Cherokee Indian blood. This is all I know about the matter.

Madam:-

Relative to your application for participation in the Western Cherokee Fund, kindly state why your name does not appear on the Cherokee roll of 1851, and why those of your parents and other ancestors through whom you claim Cherokee descent and who were living in 1835 and 1851, do not appear on the Cherokee rolls of those dates.

Do you claim any Indian descent whatever through your father? Were you or any of your ancestors ever held as a slave? If so, state whether you or they were owned by white people or Indians.

Give the names of any of your ancestors who lived with any tribe of Indians, also the name of the tribe, and state the time when each lived with each tribe, naming the county and state where they resided, and what part, if any, they took in the tribal councils.

Very respectfully,

Special Commissioner.

App. No. 28359.

Hon. Gideon Miller, S'1. Com'nr.

Washington, D. C.

Dear Sir:- In reply to your letter of May 21st, will say that we cannot state why our names do not appear on the Cherokee roll of 1821, nor why those of our parents do not appear thereon.

We claim no Indian descent through our father. Our ancestors were never, to our knowledge held as slave.

My great grandfather Thomas Thorne and his father John Thorne lived with a tribe of Cherokee Indians in Grainger County, Tennessee.

Our claims are based upon our ability to trace our ancestry as follows: My name was Nancy Lawrence before my marriage to Shipman. My mother was Ann Lawrence, nee Lockwood. Her mother was Elizabeth Thorne. The father of Thomas Thorne Sr. was a son of John Thorne and Ann Ah Wah Ksh, a full blood Cherokee Indian.

Now, if we establish these facts by proof will that be sufficient to participate in the Government appropriation? If not, we, of course, would like to know what the requirements are, but think this is as far as we can go under the facts, as we know them.

Yours very respectfully,

Nancy Anne Shipman

Appln. No. ~~28359~~ & 31829.

Nancy Ann Shipman, being duly sworn, deposes
and says:

My name is Nancy Ann Shipman. My age is 66 years of age. I claim Indian blood through my mother. I was born in Jefferson Co., Tenn. My mother was born in Jefferson Co., also. My mother was about sixty years old when she died. Her name was Ann Woodard before marriage and after marriage Ann Lawrence. She claims her Indian blood through her mother Elizabeth Woodard, before marriage, Elizabeth Elmore. My mother never went out west. She never lived in Indian Territory. My grandmother never lived out there. My grandmother Elizabeth Woodard was the daughter of Thomas Elmore and Thomas Elmore was the son of John Elmore and Ann Ah-wah-kah. It was from that woman that she claimed her Indian blood. I never heard where she lived. I never heard when she lived and when she died. I don't know whether she was dead. I heard my mother say when she would get cross "Dont show your Indian blood." I never heard my mother say what kind of Indian blood. I knew my grandmother Woodard. I never heard her speak of my Indian blood that I remember. My mother and grandmother passed in the community as white people.

Honorable R. W. Austin,
House of Representatives,
Washington, D. C.

Sir:

I have the honor to acknowledge receipt of your letter of March 9, 1909, making inquiry relative to the applications of Annie S. and Nancy A. Shipman, of Knoxville, Tennessee, for participation in the Eastern Cherokee fund.

In reply you are advised that the information already furnished in connection with these claims is sufficient for the final adjudication of the same, but until I make my report to the Court I do not feel at liberty to announce my decision in regard to any particular cases.

I expect to complete the enrollment so as to make my report to the Court of Claims during the month of May next. The Court will then, no doubt, allow a reasonable time for the filing of exceptions to my report, and until these exceptions are considered and disposed of, and the roll finally approved by the Court, no money can be distributed.

Madam:-

Replying to your letter of September 9, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, and we cannot state at this time whether or not you are entitled to share in this fund, or the amount each successful claimant will receive.

As there are over 40,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Evaline Eberton being duly sworn says that her mother was stolen when a small girl by the whites and brought from Cherokee and sold as a slave is the reason her name is not on the rolls of the Cherokee my mother never saw any of her people after she was stolen when a little girl and brought here and served as a slave. She told me about being taken away from my people she could recollect it and how they decoyed her by a Red Handkerchief. My mother was a full blood Indian. My father was a negro and I claim no Indian descent on my father's side. My father and my mother were both held by white people as slaves, and all their children were held by white people as slaves. All I know is my mother was of the Cherokee Tribe is what she always told me. My mother told me she could recollect about the Revolutionary war and was with her parents at that time. I can not give the county they lived in I suppose it was some of the Western part of N. C. My master always told me that we were all Indian blood and my mother was a full blood Indian. Please send me the blanks that will need in my claim. Please give me instructions how to proceed.

App. #28368.

September 9, 1907.

Sarah J. Farmer,
Hillsville,
Virginia.

Madam:-

Replying to your letter of September 2, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, and we cannot state at the present time whether or not you are entitled to share in this fund, or the amount each successful claimant will receive.

As there are over 40,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

Special Commissioner.

Sir:

This Office is in receipt of what purports to be a supplemental application filed by you on behalf of your minor child, James Albert Talbott. It does not appear, however, that you have filed an original application on behalf of yourself. If you are of Eastern Cherokee descent, you should fill out and file the enclosed original application. If, however, you make claim on behalf of your son, James Albert Talbott through his mother, that is to say, if he gets his Eastern Cherokee blood only through her, you should then fill out the application blank as guardian for your said son and state his full family history on his mother's side.

Please state by what name your wife, Cynthia A. Talbott, is now known and where she is residing.

Very respectfully,

Special Commissioner.
